BUDGET MESSAGE**2016-2017****CITY OF WEST WENDOVER**

The fiscal year 2016-2017 budget for the City of West Wendover includes an ending general fund balance that is 4.65% of general fund expenditures. This decrease from current year projected ending balance is due to the increase to wages as required by union contracts and two additional employee positions.

West Wendover's economy is tourism-based, making the city subject to economic fluctuations as consumers spend their discretionary income. Therefore, the City of West Wendover's governing council and city management have adopted a conservative budget philosophy, allowing the fund balances to increase in prosperous years, and conservatively utilizing the fund balances as needed in other years. The governing council and city management uses this conservative budgeting approach when estimating revenues, and expenditures.

The City has completed a new Public Works facility and is now participating with the Elko County School District to complete Phase 2 and Phase 3 of the Florence Way Project during the School District's new West Wendover Elementary School Project. Improvements are being made to the Leppy Hills Trails project since they were severely damaged from harsh storms last spring.

The city and county gaming taxes and charges for services have remained constant the last few years. There is still some growth in new businesses in West Wendover with a new mini-mall project that will house several new businesses such as a lube and tire service company, a dry cleaner service and a fast food restaurant as well as a large Las Vegas liquor store chain developing land for a new liquor store.

Approximately 30 acres of land purchased from BLM has been designated as an industrial park. The City has installed the utilities, paved the streets and sidewalks and is actively pursuing economic development in the form of light industrial, warehousing and small to medium sized business ventures. This will give the City economic diversity, add new job opportunities and will generate income and growth for the community. With this industrial park, the City is poised for growth in businesses when the Long Canyon Gold Mine starts their construction phase. FedEx and a tow company have purchased lots in the industrial park and are now operational.

The Port of West Wendover, which is a long-term mixed use industrial/aeronautical project and part of the City's diversification strategic plan continues to proceed forward. The project includes the acquisition (at no cost) of several thousand acres of current Air Force property that is a part of the Utah Test and Training Range located in Nevada, adjacent to West Wendover, which is no longer in use. The City has been and continues to be diligent in completing the process that will result in the property being deeded to the city within several years.

Budget Message (Continued)

Page 3

In the next fiscal year, the City looks forward to Elko County School District is building a new elementary school for West Wendover and is scheduled to be completed in August 2016. The City is working with the school district on the road projects around the new school campus. The West Wendover Recreation District is progressing on their plans for a new recreation center and hope to have financing in place within the next year.

The City is expecting growth in the residential housing market as the economy recovers, and in addition, with the new gold mine as it enters construction and operation in our area. This provides a positive outlook on the housing situation in the community over the next 5 to 10 years. The City is currently working with Nevada Rural Housing to complete homes on the 15 housing lots which the City purchased. Incentive discounts on the land are being offered to purchasers that will build and close on their home loans during the next five years. These new homes will add to our property tax and will help the housing market which is expected to incrementally rise through the next 5 year period.

Our outlook at the City long-term is positive and optimistic. The enthusiasm associated with the recent and planned growth of our City is shared not only by our City Officials, but our citizens as well. We feel the future is full of promise and look forward to a brighter national and state economy that will have a positive effect on our community.
