

Promoting S.T.E.M. Skills at the Library

Air and Water Power

February 28, 2017 5:30 PM (MST)

The West Wendover Branch Library invites youth, ages 8 to 18, to explore, discover, create, and invent “things” at the Library. Bring your imagination and join us for this fun and engaging program. Children will work with air and water power by building pressure-powered engines while learning about the laws of physics. Are you up to the challenge? The Library will provide all of the materials. For more information, please contact the Library at 664-2510 or visit our website at www.elkocountylibrary.org.
