# COVID-19 (Coronavirus)

The data contained in this dashboard is based on information provided by the NV DPBH (confirmed cases) and the COVID-19 Hotline and includes all counties served by the hotline. Data is updated Monday - Friday. For questions, e-mail or text covid19@elkocountynv.net or call (775) 748-0204.

The COVID-19 hotline serves Elko, Lander, Eureka, White Pine, Pershing and Humboldt counties. The data on this page is the aggregate of all calls to the hotline. **The hotline is available Monday - Friday from 9am to 5pm (closed 12-1pm). Call 775-777-2507.**

\*Presumed positive means that a person had mild to moderate symptoms consistent with COVID-19 OR was a close contact of a confirmed case. Individuals are advised to self-isolate to reduce potential exposure to others and prevent community spread of the virus. In some cases, patients are referred to a higher level of care for further evaluation and testing.

\*Presumed negative means that a person did not have symptoms consistent with COVID-19 or contacted the hotline for testing related to travel requirements or pre-medical procedure requirements.

Date: July 21, 2020

**FOR IMMEDIATE RELEASE**

### **ELKO COUNTY COVID-19 CASE UPDATE – 7/21/2020**

Elko County is reporting the second COVID-19 death since the first case was reported in March. The individual was an Elko resident in her 90s who was hospitalized at the time of her passing. We extend our heartfelt sympathies to the patient's family, friends, and the community.

In addition, Elko County is reporting two new confirmed cases and forty-seven recoveries today.

The breakdown of total confirmed cases is as follows:

- 344 confirmed cases
- 99 active cases
- 243 recovered cases
- 2 deaths

The Nevada Health Response website has updated information regarding the positivity and case rates for Elko County, which are two important indicators of elevated disease transmission risk in our area. This information can be found at <https://nvhealthresponse.nv.gov/>.

All new cases have been confirmed through PCR testing. Each case is unique to an individual. Elko County has not had any cases where an individual has had a confirmed case which has been resolved and later tested positive again.

CASE #	DATE COUNTY NOTIFIED	DATED TESTED	GENDER	AGE	LOCATION	SYMPTOMS	CONTACT
343	07/21/20	7/21/2020	FEMALE	40-49	WEST WENDOVER	YES	NO CONNECTION TO A CONFIRMED CASE
344	07/20/20	7/21/2020	MALE	50-59	ELKO	YES	CONNECTION TO A CONFIRMED CASE

Due to medical privacy requirements and to protect their identity, no further information about the case will be released.

The COVID-19 Hotline is available to assist those who are experiencing symptoms consistent with COVID-19 or for general questions. The hotline can be reached at 775-777-2507 or by texting or e-mailing [covid19@elkocountynv.net](mailto:covid19@elkocountynv.net) Monday through Friday from 9am to 5pm (closed from noon to 1pm for lunch).

In addition, Dr. Bryce Putnam encourages the public to help stop the spread of respiratory illnesses by taking personal accountability and practicing preventative measures such as wearing a mask while in public and:

- Avoiding close contact with people who are sick. When you are sick, keep your distance from others.
- If possible, stay home from work, school, and errands when you are sick. This will help prevent spreading your illness.
- Covering your mouth and nose with a tissue when coughing or sneezing. Serious respiratory illnesses are spread by cough, sneezing or unclean hands.
- Washing your hands with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing or sneezing. If soap and water are not available, use an alcohol-based hand sanitizer that contains at least 60% alcohol.

- Avoiding touching your eyes, nose, and mouth.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe. Remember to clean your cellphones.

People with COVID-19 have reported a wide range of symptoms – ranging from mild symptoms to severe illness.

Keep an eye out for symptoms that may appear 2-14 days after exposure to the virus. People with the following symptoms should reach out to their healthcare provider or call the COVID-19 hotline at (775) 777-2507 or text or email [covid19@elkocountynv.net](mailto:covid19@elkocountynv.net).

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle pain or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

If you have any of these **emergency warning signs\*** for COVID-19 get **medical attention immediately**:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

\*This list is not all inclusive. Please consult your medical provider for any other symptoms that are severe or concerning to you.

**Call 911 if you have a medical emergency:** Notify the operator that you have, or think you might have, COVID-19. If possible, put on a cloth face covering before medical help arrives.

Mental Health services are available in Nevada at this time. Rural Clinics Immediate Mental Health CARE Team can be reached at 1-877-283-2437 and are available to support adults in Rural Nevada who need immediate mental health assistance.
