Elko County and our healthcare partners are currently administering vaccine to the 65 and older population as well as those who are in the Public Safety and Security, Frontline Community Support and part of the Frontline Supply Chain and Logistics (agriculture and food processing and end-to-end essential goods supply chain) groups of the essential workforce. If you are not sure which category of the essential workforce you belong to, please review the prioritization and eligibility information [here](#). If you meet the eligibility criteria, you may register for a COVID-19 vaccination at one of the locations below:

Northeastern Nevada Regional Hospital – serving the essential workforce and individuals over age 65.
